PROFESSIONAL EXPERIENCE

Web Developer, Upwork

Apr 2021 - May 2022

- Work directly with global clients to design, develop, and maintain modern, responsive websites and web applications.
- Specialize in building interactive UIs using React JS, JavaScript, HTML5, and CSS3.
- Communicate clearly with clients, provide regular updates, and deliver projects on time and within budget.

Internship, InterCertifyn

Jan 2025 - May 2025

- Collaborated with senior developers to debug issues and optimize application performance.
- Participated in daily stand-ups and sprint meetings as part of an agile development team.
- Gained hands-on experience with version control using Git and GitHub.

PROJECTS

Habits & Tracking App

Jan 2022 - Jun 2022

- Built a web application to help users create, track, and manage daily habits using React JS.
- Implemented features for adding, editing, deleting habits, and marking them as complete.
- Focused on reusable components and modular code for scalability.
- Stored user data persistently with local Storage (or Firebase, if you used it).

Online Learning Platform

Ocr 2024 - Feb 2025

- Implemented user registration, course listing, and lesson pages with React Router for smooth navigation.
- Added features like search, filters, and progress tracking to improve user experience.
- Managed state with Redux (or Context API) for efficient data handling.

EDUCATION

Master of Business Administration (MBA)

July 2023 - Apr 2025

R.K. University

Bachelor of Computer Application (BCA)

Jun 2019 - May 2022

Saurashtra University
